14. You may now close this window and standby for payment to be allocated to your wallet.

The screenshot shows a 'Make a Deposit' interface. On the left, under 'Payment method', there are four options: Mastercard VISA, Skrill, LetKnow Pay (highlighted in green), and NETELLER. A dark blue dialog box is overlaid in the center, asking: 'Your payment is probably under processing. Are you sure you want to close the deposit window?' with 'Yes' and 'No' buttons. In the background, text includes: 'Please note that you will start the deposit. You can copy and paste the address', 'Deposit Network Fee: 0.0005 BTC', 'Please send 0.00199138 BTC', and 'Please note that you may get charged network fees from your wallet provider.' Below this is a QR code and an 'Address:' label with a blacked-out input field.
